

**WORKING TOGETHER FOR A QUICKER,  
CLEANER SOLUTION**

**FLUSHER TRUCK SERVICE**

**BADGER IS YOUR  
TRUSTED PARTNER**

No matter the size, shape or type of pipe Badger Flushers clean our client's systems quickly and efficiently. Our wide variety of pipe cleaning nozzles provide extensive control over the water flow and pressure allowing us to effectively clean your drains after installation, in an emergency, or as part of an ongoing maintenance program. With the highest GPM in the industry, our custom-built Flusher unit - or in combination with a Badger Hydro Vac unit – ensures that large quantities of debris will be removed from your pipes and site safely. Using the two trucks in combination provides increased productivity, reduced costs, and increased margins for customers. Badger also has the ability to have your lines CCTV inspected during the cleaning process and deliver precise data to you on the spot.

Our company is proud to have built a reputation for delivering customer satisfaction by providing unparalleled performance and job site protection: one customer, one truck at a time.

# BADGER DAYLIGHTING

## Leaders in safe, non-invasive infrastructure maintenance

At Badger Daylighting™ we understand the complex industry needs of our customers. With our team of highly trained, certified professionals and industry-leading solutions, we offer a complete package of innovative services to serve our customers - from pipeline clearing to hydro-excavation to responsible environmental disposal. We are always evolving to meet your needs and offer the enhanced services your industry requires.

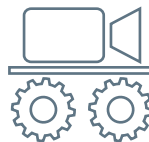

As industry leaders, Badger Daylighting™ continually invests in cutting-edge technology to meet the growing demands of our client's industry. Badger's purpose-built Flusher trucks are custom designed and manufactured in-house to flush and remove large volumes of debris blocking sewers, pipes and storm water drains.

Municipal, commercial, industrial and residential clients rely on Badger Daylighting™ for their sewer and pipeline inspections and maintenance. Whether faced with an emergency situation or a long-term program of work, Badger Daylighting™ will provide a fast, high-quality, cost-effective solution.
